Advanced LEAD Academy

May 23 and June 29

8 a.m.—5 p.m.

Karen Ochoa, (213) 538-0765, kochoa@hasc.org

Ground yourself in the essentials necessary to be a stand-out leader. Advanced LEAD Academy is the perfect next step for those who want exposure to more advanced skills, and for people who have basic leadership skills and want to explore their leadership potential. Six comprehensive training modules strengthen competencies and cultivate skills of leaders at any level of the organization interested.

BRN and Healthcare Professionals Intervention/Diversion Program

September 26

9 a.m.—4 p.m.

Leticia Salcido, (213) 538-0737, lsalcido@hasc.org

Health care professionals, including registered nurses, may be particularly susceptible to substance abuse problems due to the stresses of working in a health care environment as well as an increased opportunity to obtain controlled substances. This five-hour seminar is designed to provide hospitals with critical information on the BRN Intervention Program and Diversion Program for other Licensing Boards. The seminar will also address the stigma of drug addiction, diversion program controversies and will present data on the effectiveness of the diversion program.

Charge Nurse: Critical Thinking

September 5

8:30 a.m.—1 p.m.

Leticia Salcido, (213) 538-0737

Critical thinking is an essential skill for task management and decision making in high-risk situations. The course explores how information analysis can improve quality of thinking, and discusses key principles and barriers to thinking critically. Coursework will also focus on how the application of critical thinking through the nursing process can help staff arrive at appropriate decisions.

Conducting Effective Internal Investigations

May 23

8 a.m.—5 p.m.

Karen Ochoa, (213) 538-0765, kochoa@hasc.org

Designed for human resources professionals, supply managers, security, loss prevention, risk management and in-house counsel. This program will teach the practical hands-on skills necessary to conduct an internal investigation into any type of employee misconduct claim using a step-by-step process.

Developing, Measuring and Documenting Employee Competence

November 8

9 a.m.—2 p.m.

Leticia Salcido, (213) 538-0767, lsalcido@hasc.org

This intensive one-day workshop, presented by Hospital Association of Southern California provides in-depth explanations of The Joint Commission competency assessment standards, detailed examples of compliance, and opportunities for managers to develop and redesign the content of their department competency tools.

More information: www.hasc.org/2018-dmdec

HASC's IAHS Security & Safety Certification Preparation

September 8, 15 and 22

8:30 a.m.—4:30 p.m.

Jamila Mayers, (213) 538-0739, jmayers@hasc.org

Designed for health care safety and security officers, this is a three-day, eight-hour course based on International Association of Healthcare Security and Safety, or IAHS, curriculum. The course is intended to build basic training and skills for health care security officers. The student will apply the tools and techniques learned in the course to take and pass the IAHS Basic Healthcare Security Officer Certification exam.

Hospital Disaster Management Training (HDMT)

May 1 and 2, October 2 and 3 or December 4 and 5

7 a.m.— 5 p.m.

Sherita Rogers, (213) 538-0767, srogers@hasc.org

Does your hospital need training on hospital surge capacity management for natural disasters and chemical, biological, radiological, nuclear and explosive (CBRNE) incidents? Join us for Hospital Disaster Management Training, an in-depth two-day session that is a product of the Los Angeles County Department of Health Services Emergency Medical Services Agency's Disaster Resource Center Program.

More information: www.hasc.org/2018-HDMT

LEAD Academy

May 4 and June 22; July 20, August 24, September 21, October 26, November 16 and December 14

8 a.m.—5 p.m.

Sherita Rogers, (213) 538-0767, srogers@hasc.org

LEAD Academy is an intensive six-day, 12-module training experience using innovative tools and experiential learning to empower recently hired, newly appointed or previously untrained health care leaders to better understand and use their strengths. Designed for health care supervisors and managers, LEAD is built on the underlying principle that effective leadership requires productive relationships to support excellence in patient care, sustainable business objectives and a safe patient environment.

Leadership and Charge Nurse: Creating a Culture of Safety

May 16 or May 23

8:30 a.m.—5 p.m.

Sherita Rogers, (213) 538-0767, srogers@hasc.org

This advanced class for charge nurses will focus on the role of the nurse leader in creating and developing this atmosphere.

This course will briefly review key concepts taught in the course Charge Nursing: Leading from the Middle, then expand on these ideas to help charge nurses improve customer service, continuous survey readiness and response to critical events.

The course will also discuss the key roles of the charge nurse in developing a “Just Culture” within the unit, including hourly rounding, debriefing, simulations and effective communication and feedback.
