LA County Resource & Referral Agencies are Here to Help!

As a parent, looking for child care can be stressful and, as an essential worker in the current environment, it can seem overwhelming. If you would like additional assistance researching and locating child care that fits your family’s needs, give us a call at 888 92–CHILD (888-922-4453) or visit https://www.ccala.net/connect-to-child-care/.

Just enter your zip code and you will be directed to your local R&R agency to begin the child care referral process.

The Resource & Referral counselors will:

- Ask you questions to determine your family needs
- Generate a referral list according to your needs (age of children, geographic area where you are seeking child care, etc.)
- Offer tips on what to look for in finding child care
- You then contact child care providers directly to determine if they have spaces available and to select appropriate care that meets your needs
- If none of the choices on the list work out, the parent may call back for another list (we may have to expand the geographic area preferred in order to obtain a second list)
- If preferred, you may also use the online option offered by all Resource and Referral agencies where the process described above is automated. Once you log into your corresponding Resource and Referral agency (which you can find at www.ccala.net by entering your zip code), follow the prompts for online referrals to obtain a customized list of potential child care providers

Of course, if you have questions, please do not hesitate to contact one of our counselors.

The Child Care Alliance of Los Angeles (CCALA) is a partnership of ten Resource & Referral and Alternative Payment agencies in Los Angeles County.
