COMMUNITIES LIFTING COMMUNITIES

Dora Barilla, DrPH, Co-Founder, HC2 Strategies
Health Systems in 2018
Imagine Optimizing and aligning partnerships that are built for health, not just the treatment of symptoms associated with disease
CONNECTING COMMUNITY HEALTH TO STRATEGIC PLANNING

- CHNA Data Collection & Analysis
- Set Strategic Priorities
  - Connect Data to Overall Strategic Plan
  - Identify Strategic Priorities and Partners
- Identify Best Practices and Interventions
- Identify Key Metrics
- Measure & Evaluate
  - Disseminate Results
- Galvanize Community Toward Collective Action
Burning Questions

• Do we have the necessary information and competencies to manage the risk of populations?

• Are we proactively innovating ahead of external pressures?

• Do we have a robust methodology for developing and adapting new approaches?

• What will it take to move our organization to where we want to be?
