Stay on target with The Joint Commission competency requirements for meeting patients’ needs.

This intensive one-day workshop, presented by the Hospital Association of Southern California, provides in-depth explanations of The Joint Commission competency assessment standards, detailed examples of compliance, and opportunities for managers to develop and redesign the content of their department competency tools.

Course Objectives

- Define the components of the competency assessment and measurement process.
- Compare competency skills against the essential duties of a job description.
- Differentiate between competency and a job-specific duty.
- Develop the high-risk, low-volume, or problem-prone competencies for each job description.
- Implement measurement and documentation tools that will meet The Joint Commission requirements.

Who Should Attend?
This program is intended for:

- Ancillary Support Managers/Directors
- Nurse Managers/Directors
