

## On-Demand & Scheduled Assisted Transportation

ButterFLi is a multichannel rideshare platform with a focus on assisted, on-demand and scheduled rides. It's an ADA-compliant transit company that's changing the way assisted mobility is delivered to people with disabilities.

### ButterFLi Advantages Include:

- Scheduling via mobile, web-based apps, and via a 24/7 call center
- Average turn-around time is 30-45 minutes
- Utilizes 100-plus providers across California
- Driver assists rider in and out of vehicle, and door-thru-door
- Patient-in-gurney, wheelchair and ambulatory transportation options available
