As your advocate, HASC has followed the proceedings related to the “Visa/MasterCard Interchange Fee Class Action Settlement”. This Settlement has been delayed since June 2016, but now appears to be close to establishing a claims process that will allow eligible merchants to claim their share of the billions in settlement funds. Although the claim forms are not yet available, you can engage MCAG now to ensure that a proper and timely claim is filed on behalf of your organization.

**The framework for the Settlement is in place and a notice was mailed by the Settlement Administrator in late March / early April to all entities who accepted Visa or MasterCard in the U.S. anytime after January 1, 2004.**

Returns could be significant because over 150 of the largest merchants, such as Wal-Mart, Amazon, Delta Airlines, American Airlines, and Google have already been compensated by the Defendants, or have opted out of the settlement class, and are not eligible to be paid from the $5 billion in net settlement funds.

When a claims process is available, merchants must submit a claim to the Settlement Administrator, or have a claim submitted on their behalf, to be eligible to receive any cash from the Settlement.

HASC has chosen MCAG, a class action settlement expert, to assist our members in hopes of recovering the maximum amount you’re due from the Settlement. Via partnerships with dozens of payment processing companies, MCAG has access to a vast data set that will be used to supplement claims. This includes current and historical data for millions of merchants.

If you’re eligible and enroll with MCAG, they will triangulate data provided by partners and clients with information made available by the Settlement Administrator, in order to submit a comprehensive claim for our clients. Some members have already contracted with MCAG. If you have not, see the instructions below.

Members who have already enrolled with MCAG can contact MCAG to confirm their enrollment, and to ensure that they have an up to date list of merchant locations and merchant IDs. Once this information is sent to MCAG, no further action will be required as MCAG will handle the remainder of the claims process.

**Easy Enrollment**

The enrollment process is fast, easy and has no upfront fees. MCAG aligns its incentives with yours and charges a contingent fee of 20% of recoveries for HASC members (standard rate is 25%). Services include data analysis, document preparation, claims filing, recovery and reconciliation for enrolled customers. If no money is recovered for your organization from the settlement, then MCAG will not charge or retain a fee.

To enroll with MCAG, follow these instructions:

1. Click here to access MCAG’s website or visit www.mcagenroll.com, enter code HASC12
2. Click the “Enroll Now” button in the center of the page
3. Fill-in your business information and wait for your enrollment confirmation
